THREAT ASSESSMENTS

Using Open Source Intelligence (OSINT), our analysts use publicly available sources to provide a thorough risk assessment that can be used to create a well-devised security plan.

CAMERAS, ALARMS, REMOTE PATROL

Technology is an integral part of creating a safe perimeter. Our experts will ensure you have the proper technology to aid in the event of an emergency.

UNARMED AND ARMED GUARDS

At Vulcan, our professional armed guards are well-trained, licensed and insured. Our Protection Officers have been through a rigorous screening process so you can be sure you're putting your faith and trust in someone who cares about your safety and your property.

PERSONAL PROTECTION OFFICERS

Sometimes you need that extra-personal sense of security. Our highly skilled Personal Protection Officers are professional, licensed, insured, equipped and trained to provide personalized security needs.

VEHICLE PATROLLING

Our Protection Officers will serve as a deterrent by patrolling a larger geographic location in well equipped vehicles at prescribed intervals.

**PROTECTING YOUR LIFE AND
YOUR LIVELIHOOD**
